PEACE TREATY TERMS CALL FOR ABOLISHMENT OF MENACING GERMAN MILITARISM FOR FUTURE YEARS

STANDING ARMY OF GERMANY WILL BE RAISED BY RECRUITING AND WILL NOT EXCEED 100,000 MEN

German Forts Along the Rhine Must be Destroyed and Imperial General Staff Abolished While Only Sufficient Arms and Munitions for Small Army Will Be Allowed

NEUTRALIZATION OF AUSTRIA ALSO INCLUDED IN THE PLAN

Abolition of Conscription in Europe, it is Believed, will Follow Voluntary Enlistment in Germany—Peace Treaty will Be Completed by March 20th.

PARIS, MARCH 11. — (Associated Press) —Military Germany will go out of existence as result of adoption by the supreme council last night of the military terms of German disarmament as they will go into the peace treaty.

These terms provide for a sweeping reduction of the German military establishment down to 100,000 men, with 4,000 officers, the army to be recruited by the voluntary system for a period of 12 years. The effects of this is to limit German military strength to less than the number in the Swiss army.

Other provisions limit the arms and munitions Germany may possess to a quantity sufficient for 100,000 men and all the remainder must be delivered or destroyed.

The German forts along the Rhine also must be destroyed. The imperial general staff is also abolished.

One of the main purposes in substituting voluntary enlistment for the conscription system is to pave the way for the disappearance of the conscription plan throughout Europe, as it is believed the effect of abolition of the system in Germany would be that the other European countries would follow it, ending the menace of large armies.

The council has already adopted the naval terms of the treaty except for a few reserved provisions.

The progress made with the work of framing the peace treaty insures the completion of the task by March 20th. The first rough draft will be in readiness when President Wilson reaches France and the revision will be concluded before the 20th.

It is the present purpose to call the Germans to Versailles soon after March 20th, probably from March 22nd to March 25th. The document will then be delivered to the German delegates, and in case they are not prepared to sign it at once they will be given the opportunity to return to Germany to consider it and return for formal signing.

It is known definitely Count von Bernstorff, former German ambassador to the United States, will not be one of the delegates.

The presence of Premier Lloyd George in Paris is permitting of daily conferences of the Premiers as sort of a steering committee to direct the course of the main work.

MAY NEUTRALIZE AUSTRIA

PARIS, MARCH 11.—(Associated Press)—While the possible neutralization of Austria has not as yet come before the "Big Five" in a formal manner, it is being discussed here.

Certain socialist elements in Austria are striving hard to prevent neutralization, but there are other influences anxious to see it effected, as it would give Austria protection similar to that enjoyed by Switzerland.

CENSORSHIP OF CABLEGRAMS IS NOT SO SEVERE

Censorship, However, is to be Maintained as Long as Blockade is in Effect

tween the United States and Great under the terms of an agreement be Britain made public today.

The two countries agree that here after cable communication through the territory of either country would be subject only to the censorship in the country where the message originates.

The United States, it is said, desires to discontinue cable censorship at the earliest possible moment, but "as long as the allies consider it necessary to continue the blockade it will be necessary to continue the censorship."

SPARTACANS ANNIHILATE GOVERNMENT FORCES IN SUBURB OF LICHTENBERG

Not a Man Escapes Bloody Clutches of Spartacan Forces and War Until Death is Ordered

WOMAN AMONG MURDERED More Than 150 Police and Soldiers Killed in Clashes

(By Associated Press)

Berlin, Monday, March 10. —Government troops were busy today in driving Spartacan bands from various sections of Berlin and in preparing for a determined effort against the Spartacan stronghold of Lichtenberg, a suburb to the east of the city.

The Spartacans are reported to have large depots of weapons and ammunition in Lichtenberg.

Government troops sent to Lichtenberg Sunday to protect the post office and police station were annihilated by the Spartacans. All the soldiers and police officials who were not killed during the fighting for the post office and police station, or who did not escape from the buildings were murdered by the Spartacans.

Many were tortured and killed in the streets. One woman was among the victims.

No attempt has yet been made to ascertain the number of persons killed in the present uprising but the number is believed to exceed 150.

Reports of Spartacan atrocities continued to pour in and resulted today

in the issuance of an order by the minister of defense, Noske, that all found opposing the government troops with weapons would be shot immediately. Many Spartacans were taken prisoner during the forenoon and executions began at once.

Armed civilians stopped a Red Cross ambulance today and killed and wounded all in it.

FORMER KAISER TO BE BRANDED ARCH CRIMINAL

Even His Own Nation May be Called Upon to Subscribe to Solemn Decree Against Hohenzollern

(By Associated Press)

Paris, March 11.—It will be the fate of the former Emperor William to be branded for all time as an arch criminal by the solemn declaration of all nations, assembling at the peace conference to which even his own country may be called upon to subscribe in the peace terms, according to the present plans of what is believed to be a majority of the commission on responsibility for the war.

The report of the commission will be ready within a few days and indications are that the members are harmonious on the main points.

Spartacans Still Hold Out, However, in Eastern Berlin

Terrorist Methods Not Popular With Rank and File

(By Associated Press)

London, March 11.—German government troops in Berlin made further progress Saturday and Sunday in demolishing Spartacan strongholds, according to a German wireless message received here.

In order to avoid unnecessary losses the troops used artillery and mine throwers, being thus able to force the insurgents back without exposing themselves. Nevertheless the Spartacans have not given up and are transferring their resistance to eastern Berlin.

The dispatch says their terrorist methods have caused a revulsion of feeling in favor of the government everywhere.

HILLSBORO MERCHANT IS KILLED AND ROBBED

Corpse With Skull Cleft by Hatchet Found in Store Today

CRIME TWO DAYS OLD

Cash Register Rifled and Body of Victim Dragged to Rear of Store

Special to The Herald.

Hillsboro, O., March 11.—Hillsboro was thrown into feverish excitement today when it was learned that John Moses, aged 68, widely known local merchant, had been murdered and robbed, and his body, with the head cleft by vicious blows from a hatchet, left in the store where the dastardly blow was struck. Moses, evidently had been murdered late Saturday night or Sunday, presumably while opening the door for a prospective customer, and his body was then dragged to the rear of the store where it remained until found by friends today after they had become alarmed because the man had not opened his place of business as usual. A long trail of blood from the front of the store to the rear showed where the body had been dragged by the murderer.

The cash register was rifled and left standing ajar. Robbery evidently was the motive for the crime.

Two blows from a bloody hatchet, found near the body, had caused almost instant death, and the blade of the weapon had penetrated the brain.

The cash register slip showed sales totaling \$125. He had \$40.55 in his pockets, this having been over looked by the murderer.

Moses came to Hillsboro 12 years ago. He was an Assyrian and has one son in Detroit. A wife and several other children reside in Assyria.

The police are searching for the murderer.

NEW RULING ON INCOME TAX

(By Associated Press)

Chicago, March 11.—An important extension of the exemption provision of the income tax law is contained in a ruling by Commissioner Roper, made public here today.

It is that the exemption for wife or children covers the whole year of 1918, even if the wife were wed or child born on the last day of the year.

He was active for fifty years in Confederate veteran organizations, and was the author of several works dealing with the problems of the South before and after the war.

POPE APPEALS TO THE POWERS TO HURRY PEACE

Sees Establishment of Bolshevik Government in Germany Unless Speedy Action is Taken

Information in Hands Said to Indicate Situation Grave

(By Associated Press)

Paris, March 11.—It has become known that Pope Benedict has addressed an appeal to the powers emphasizing the urgency of the speedy conclusion of peace with Germany.

It is understood that the pontiff states that the Vatican possesses reliable information that the situation in Germany socially and economically is very grave and that he fears the spread of Bolshevism rapidly may result in the establishment of a Bolshevik state.

GRANGE OPPOSES RESUBMISSION

FUNERAL SERVICES MRS. ROBERT SILCOTT

The funeral services of Mrs. Robert Silcott were very largely attended at Sugar Grove Church Monday afternoon and in every way paid honor to a resident who had been held in high respect.

Rev. W. A. Whitmer, of Good Hope officiated and the church choir sang the hymns "Rock of Ages" and "Abide With Me."

The Minister followed the reading of an appreciative memoir with an excellent address, taking as his theme the quiet, sincere life of this Christian woman and the worth of her example to the community. As long as her health had permitted she had been most faithful in her church relations and one of the most generous contributors to the Home Department. Fervent tribute was paid to the mother, who had so capably met the added responsibilities in the death of her husband and the children were quite young and had devoted herself to rearing and educating them and to making the home life happy.

The burial was made in the family lot of Sugar Grove cemetery, where Mr. Silcott is buried.

The pallbearers were Messrs. Luther Cockerill, Clark and Tasso Post, Wm. Sturgeon, Wm. Hardway, John Tillet.

The floral remembrances were very beautiful.

Mrs. James Silcott, a daughter-in-law, came up from Cincinnati to attend the services.

SAD NEWS REACHES RELATIVES IN THIS CITY

The sad word of the death on Monday, of Mr. T. T. Hughes, business man of Columbus and quite well known in this city, reach here Tuesday morning.

Mr. Hughes was a nephew of Mrs. Ellen Jones and cousin of Mrs. Austin F. Hopkins and frequently visited at the Hopkins' home, where the news was received with sorrow and a poignant regret, which is shared by local acquaintances.

A widow and three children survive.

Mr. and Mrs. Hopkins went to Columbus Tuesday morning to be with the stricken family.

FAYETTE'S HONORED DEAD HAS REACHED TOTAL OF 41

To date 41 brave Fayette county men are known to have made the supreme sacrifice in the service of their country during the world war.

This great total for Fayette county means that for about every 15 men who entered the service, one of the men laid down his life, either in action, dying from wounds, disease or accident—probably a greater percentage than any other county in Ohio.

The list of Fayette County dead in the war, so far as known, is given below, and if anyone knows of a soldier not included in the list, request is made to notify The Herald at once.

A MESSAGE FOR THE FARMER ON "COUNTY ORGANIZATION"

Tradition has said truth hurts no one, and this is possibly true, but you are no doubt aware that truth sometimes brings with it discomfort.

Farmers have been slow to realize that they may have suffered from the lack of the strength that is associated with organization, no doubt fearing that organization carried with it obligations they did not care to assume.

This is unfortunate in that they have lost the protection that comes from the strength of this same organization. Every farmer realizes that to succeed he must so arrange his time and forces that they will yield the greatest returns as shown

by results. This is nothing but organization of his own efforts and why not continue this plan in his community efforts?

Fayette County has elected to make agricultural activities her business and this being true why not so time her affairs that the best possible results may be obtained, and admittedly this can not be done but by concerted action organization if you please.

The Fayette County Farm Bureau supplies the means for this association of interests and although it has been operating rather quietly its growth has been most pleasing.

The general plan of organization is to have a community center in each township, headed by a chairman, who automatically becomes a member of the county executive board, which in addition to these various township chairmen, have added to their number a President, Vice President, Secretary and a Treasurer.

It is urged that every one of the more than 1800 farm owners together with all those engaged in operating farms, either directly, or as employees get in touch with their local chairman and give him the benefit of their support.

Community meetings are best held at convenient gathering places. Do not allow yourself to fall into the notion that this does not affect you, for these are strenuous times, where self protection is appealing to everyone.

Fayette County has been much exploited for profit in the past and now that the days of readjustment are with us we need to be able to offer a well organized front to those things that can not be shown fully beneficial to the farmers.

There will be a meeting of the executive committee at the court house at 1 p. m. Saturday, March 15th, at which all will be welcome and it is hoped that every farmer will make an effort to be present.

Important legislation is now pending at Columbus, the effect of which will be to add to the already excessive taxes with but little hope of added efficiency.

Your senator and representative are anxious to do your bidding and are entitled to your support.

ROLL OF HONOR

Casualties announced for Tuesday total 244, and include 16 Ohioans. 107 of the casualties are major and 137 are minor.

The major casualties are divided: killed in action 13; died of wounds 23; died of disease 59; wounded severely 29, missing in action 5; died of accident 8.—The minor casualties are divided: wounded slightly 56; wounded degree undetermined 51.

Corporal Fred R. Immelt, of Greenfield, wounded degree undetermined, is the only Ohioan from this part of the state.

SHIPS CARLOAD OF MONUMENTS

The P. J. Burke Monument Co. of this city recently shipped a car load of monuments to Kingston. All of the work was finished at their plant here, and consisted of the famous Dark Barre and Ruby-Red Granites.

Besides this car a truck load of markers was taken over Tuesday and the entire shipment erected in the Kingston cemetery.

This firm is well represented in this locality as many of the slabs which were erected forty or fifty years ago were executed by the Burke Monument Co., many of them bearing the name of their maker which was an old time custom.

LAST SERVICES GENUINE TRIBUTE

The Methodist church of Bloomingburg with its large seating capacity, was hardly equal to the accommodation of the immense gathering of relatives and friends for the funeral services of Mr. Herman Morris Monday afternoon. Not only from the Bloomingburg vicinity and this community, but from all over the county and from remote distances people had come to say a personal farewell to a young man held in high regard and greatly liked. The services were rather informal in their nature, very genuine and beautiful in their tribute to the quiet sleeper. Mrs. J. M. Allemand played softly while the casket was borne in and out of the church, there being no other music.

Rev. W. H. Embe, of Cincinnati, was assisted in conducting the services by Rev. Laughlin and Rev. Kerr, Methodist and Presbyterian ministers of Bloomingburg. The hymns "Rock of Ages," "Crossing the Bar," and "I'm a Pilgrim" were read.

Rev. Embe has been closely associated with Mr. Morris in the interests of the Interstate Vaccine Co., of Kansas City, having spent the winter with him in Florida since which time devoted friendship had existed between them and he was visibly affected in his remarks, using as his text the verse, "Wherewithall shall a young man cleanse his ways; by taking heed accordingly to thy word."

The minister eulogized warmly the character and habits of this young man, whom his family, with all the loss entailed, would not call back to suffer. He referred to the circumstances under which they were together in Florida—"trying times which test men's souls," when, battling with ill health and discouragements, young Morris tested out "pure gold." He had found him through everything clean and honorable in his manhood, courageous and uncomplaining under every adverse cloud and the brave spirit undaunted by suffering leaving to all who knew him a happy and cherished memory.

Rev. Kerr supplemented this address with a brief tribute, extolling the life which had been built upon the teachings of a Christian mother. A long line of autos accompanied the family to the Bloomingburg cemetery, where the interment was made in the family lot. Acting as pallbearers were Messrs. C. P. Ballard, Ray Maynard, Allen West, John and Lee Rogers, Ray Wilson.

There was a wreath of floral remembrances, in which the predominating of Easter flowers and anemion lilies embodied a beautiful suggestion of the resurrection day.

Relatives and friends who came from away included Rev. Embe of Cincinnati, Mr. John Moomaw and daughter Miss Vennia, Mr. and Mrs. Ray Moomaw, Mr. and Mrs. Newton Pryce, Mr. and Mrs. Siegel Mossberger, Mr. Willard Rae and two daughters Margaret and Lois, Miss Grace Ellenberger of South Salem, Miss Ruth Morris, Mr. O. S. Thacker, London, Mr. and Mrs. Forest Moomaw of Greenfield, Dr. and Mrs. Lyle Morton of New Vienna, Mrs. Edgar Rowan, Miss Lillian Morton of Blanchester, Miss Mary Baker of Westerville, and Mr. and Mrs. Curtis Thompson of Monroe Falls.

SALE OF TRACTORS ON THE INCREASE

The use of the farm tractor in the last two years has grown by leaps and bounds until at present almost every farm of considerable size uses the tractor, or is planning to do so.

The demand since last fall has been unusually heavy and local dealers are looking forward to record breaking sales this spring and summer.

The small farmer also has taken advantage of the many uses to which the tractor is adapted and the increase in sales is largely due to this fact.

It is expected that 200 to 300 additional tractors will be purchased in the county this year.

Final Peace Near

The time seems near at hand when the work of the peace commission is to show definite results toward the final conclusion of peace with Germany.

There has been, more or less, impatience exhibited by many people who did not, evidently, realize the enormity of the task the peace commission faced.

By subdividing the work, the appointment of sub-committees and special commissions to consider special problems, hear all of the contentions relating to that particular problem and dispose of it, making final report to the general commission and in other ways, by process of dividing the force and apportioning the tasks, the commission has been able to do a vast deal more than it would have been able to do if the entire body had undertaken to hear and dispose of every controversy.

The unofficial, but apparently, fully warranted reports that the commission is approaching the end of the primary tasks comes as an agreeable surprise to the anxious world.

Conditions in Europe are frightfully chaotic and there is not much hope of progress toward straightening out the tangles until each one of the nations, victors and vanquished alike, is able to know definitely the present and to plan for the future.

Food conditions cannot be bettered until the definite objective is settled. The people of each nation must have their status fixed before permanent governmental authority can be established. Anarchy and revolt is certain to increase unless fixed order is maintained by established government.

Russian affairs cannot be given the attention they merit until Germany and Austria are disposed of finally.

On the whole, the prospects now are that the summons to Germany to appear before the peace council and agree to the final peace terms will come sooner than we had anticipated.

It can't come too soon for the good of the world.

Merchant Marine

The ship-building activities of the United States during the war—the work already completed, the work under way and the work contracted for which must be carried forward to completion—has, whether it was our intention or not, resulted in making this nation one of the great maritime nations of the world.

The close of the war has left the United States with a superb fleet of commerce-carrying vessels and a splendidly organized and capacious organization for maintaining its present heavy ship tonnage.

The call of the sea will again be heard by the young men of America and a revival of the literature of adventure on the sea may be expected as the youth of the nation, back from the great war, seeks work for active mind and body, preferably something that will satisfy, in a measure, the love of adventure which the war has implanted in them.

Mistakes We Approve of

There are some public servants whose mistakes we cannot only freely condone but as to many of them we are frank to confess a feeling of real pleasure that they have made mistakes.

The chief of the government weather bureau and his assistants promised us real winter weather all last week, temperature below normal, and warned of the approach of a severe cold wave in the earlier days of the week.

They couldn't deliver as per promise and the persistent sun broke through the somber clouds, rolled them away and has given us bright sunny days. A little frosty in the early morning but warming up each day.

The robins returned from the southland, the doves and the saucy jays have all been very much in evidence every day of the past week, except one. They have hopped about on the ground in glee about the mistakes of some of our officials, they have heralded their pleased criticism of their short-sightedness and defended the instinct of the feathered folks, arguing, in act and song, its superiority over man's reports, statistics, maps and delicate instruments as a barometer of conditions.

One day we thought for a little while that man and his science were going to win out. But for only one day were the birds compelled, by stormy, cold weather, to remain quiet. The next morning's sun brought vindication of their judgment.

POEM FOR TODAY

SERVICE.

Work on, however small your sphere may be.
Know this: True service is the best of life.
And, though the path from thorns be never free,
The thought of duty done with peace is rife.

The seed you sow today may help to feed
The hungry, though its harvest others reap.
The fabrics that you weave may stay the need
Of some poor shivering being in God's keep.

The stone you lay may help to raise the wall
That will a flood of insurrection quell.
The word you trace, however poor and small,
May help the tide of human thought to swell.

In the white glory of some infinite day
You may, with mind made great to comprehend,
Gauge the full meaning of this interplay
Of many forces working toward one end.

And even though you never grasp it all,
Still be content to do the best you can,
Trusting that whatsoever may befall
Is but a part of the eternal plan.

**MUSTEROLE—QUICK
RELIEF! NO BLISTER!**

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients.

They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

FATE AND LUCK

Fate and luck are nothing but white flags waved by the large army of weak chins. You are your own fate and you make your own luck. Ever hear a busy man—a successful man who is doing things—rail against fate or curse his luck? Nothing of any consequence comes easy. To get along you have got to hustle. A vacant lot looks pretty sick until it is improved by a house, trees and a lawn. Your future is the same. If you're traveling a road covered with rocks and empty cans—kick 'em aside—dig, build your home and put in a lawn. That's fate and luck.

News of Interest to Women

Word has just come to the Lake Division headquarters in France that the need for clothing among hundreds of thousands of refugees in France is even more imperative than food. That is the substance of a statement contained in the report of fifty investigators of the American Red Cross working among the 200,000 refugees gathered in and about Paris. The report says:

"Most of the refugee families manage to nourish themselves on the Government allowance and their small wages, but they are by no means able to clothe themselves. As the present prices of clothing in France are prohibitive, the need for this kind of assistance is obvious. Accordingly, we decided to give food only when special nourishment was ordered by a physician, but to continue to look after the clothing need as imperative."

It is estimated that the German invasion of France and Belgium made wanderers of 1,250,000 formerly happy country people of these countries.

Now that the conflict is over and the occupied territories of France and Belgium have been liberated, these refugees are hastening back to their former homes in large numbers. They have no thought of the ruins, the cold weather, or their condition as regards sufficient clothing, only the longing to get back to their homes fill their minds.

In passing their ruined villages and towns, they can be seen standing in the doorway of houses which have for their roofs nothing but a sheet of canvas which sags under the weight of the snow. Smoke curls up from a hole in the ground and investigation of its source discloses a family of four huddled about a fire in the cellar of a completely wrecked home. The children wear old blankets and the parents work and sleep in a ragged patchwork of costume. To the Red Cross man, who visited them, the mother says:

"We would not mind if we only had a few clothes to keep us warm while we work. My boy has not left the fire for three days. It's so cold outside and he has nothing but a blanket to put around him."

The gift of a pair of socks by a passing American doughboy to an old peasant at Conflans brought tears of joy. The old fellow talked about his socks unceasingly. Another wears a pair of overalls that were presented to him by an American as proudly as if it were a dress suit. Of food the yhave little, but of clothes they have practically none.

"War Baby has French Dress" is the title of the picture of the infant son of Sergt. and Mrs. Albert Flowers and grandson of Mr. and Mrs. G. H. Flowers, of this city, in the Columbus Citizen of Monday night.

Concerning the cunning little fellow in his French attire the Citizen says:

"See that beaming smile above? That's George Addison Flowers, war baby, five months old son of Sergt.

Mrs. Flowers (Donna McMurray) with her son are living in Columbus with her parents during Sergt. Flower's absence, but at the present time are visiting relatives in this city for an indefinite stay.

Miss Marie Moore of South Fayette street most delightfully entertained Miss Elsie Craig's Sunday School class of Grace M. E. Church Saturday afternoon. After a short business session, a dainty collation was served. Those assisting the young hostess in the hospitalities were Misses Laura Brownell, Florence Bliss and Dorothy Dick.

The Knights of Pythias and the Pythian Sisters are planning for a big home coming affair after the boys of Company M are back from the front. All the soldiers of Fayette County are to be honor guests and the organizations are planning the biggest "open house" event ever held in the county.

The splendid Pythian Castle will be thrown open to soldiers, their families and friends for an afternoon reception and reception and dance in the evening. A banquet will be served early in the evening to the soldiers alone. Everything will be free and the public cordially invited to participate in this joyous welcoming event for which the order will spare no effort nor expense.

The patriotic idea can not help but meet with hearty co-operation and the appreciation of both soldiers and town folk. Too much honor cannot be given to our soldier boys. Of course no date can be set until the time of Co. M's arrival, but according to late announcements the Rainbow Division will be home the first of May.

A surprise party of much pleasure was given Saturday evening at New Holland by Mrs. Eva Gordon in honor of the birthday of her daughter, Miss Lulu.

The guests were confined to friends of the honor guest and included a crowd of Washington young people.

Games, music and dainty refreshments rounded out an enjoyable evening, and carnations and lilies were used in attractive decoration.

Mrs. Gordon, and daughter-in-law Mrs. Delmo Gordon, of Columbus assisted Miss Gordon in entertaining her guests, who showered her with a number of pretty gifts.

St. Patrick's day is an anniversary which occasions many social affairs. Probably the most elaborate of these will be the "St. Patrick's Dance" to be given on Friday night of next week, March the twenty-first at the Knights of Pythias Hall.

The University Club, which is sponsoring this dance has engaged a Jazz Orchestra from Columbus for the occasion, and there will be attractive decoration in keeping with "the wearin' of the green," and refreshments served.

Robert Craig and John Browning are members of the committee.

Mr. and Mrs. R. C. Shisler have moved from the Hammer property on West Market to the Noah Smith property on the Corner of E. Market and Lewis streets.

Helen, the little two months old daughter, of Mr. and Mrs. George Worrel, who is critically ill with the prevailing epidemic is showing a slight change for the better today.

Mrs. Ida C. Gillespie, District Deputy Grand Chief of Washington Temple No. 380, Pythian Sisters, left Monday evening for Lancaster, Crooksville and Logan. She will inspect the Temples of Lancaster and Crooksville, going on to Logan to complete plans for the Annual Convention to be held there this month, March thirty-first.

Mr. and Mrs. E. C. Harvey (nee Roberta Stokesbury) returned the first of the week from a short wedding trip to Cincinnati.

Mr. M. S. Daugherty is a business visitor in Columbus, today.

Mr. Jess H. Milikan returned Monday evening from a three weeks visit in New Orleans, La., with his sister, Mrs. W. W. Westerfield and family.

Miss Lelia Townsley returned Monday afternoon from visits the past six weeks with Misses Katherine Rothrock and Hazel Flowers in Washington, D. C., and at the home of her uncle, Captain D. Leigh Colvin in New York City.

Mrs. Ada Storts, who recently underwent an operation at the Fayette Hospital, was able to be removed to her home near Madison Mills last Saturday.

Miss Lou Dunlap will spend the remainder of the week visiting relatives and friends in Lancaster and Baltimore, Ohio.

Mr. and Mrs. D. E. Mershon are spending several days at the home of Mr. Homer Stewart near Glendon. Mr. Stewart and wife and children all being ill with the influenza.

Miss Mary Craig went to Columbus Tuesday to be the guest of Mrs. Joseph Hershberger (Hilda Kyle).

Mrs. Albert McCoy and Mrs. Roy Brown are spending the day in Columbus.

Mrs. Stanley Miller of Hodgenville, Ky., is visiting her parents, Mr. and Mrs. T. C. Kerr in Bloomingburg.

Mrs. Allen Eyeman of Bloomingburg is a shopping visitor here today.

Mrs. H. O. Thompson came down from Columbus three weeks ago to visit her parents, Mr. and Mrs. Tumbleson, and her little son, Harold, who is down with the "flu." She contracted the same disease and had to remain but was able to return back to her home Monday evening.

ATTEND FUNERAL

Mrs. Charles C. McCoy and Mr. Gilbert Adams attended the funeral services of Mrs. McCoy's niece, Miss Rosaline Wood in London, Monday. Miss Wood was also a niece of Mr. S. E. Parrett in Cleveland and it was at his home that she took ill with the influenza which caused her death.

In frequent visits at the McCoy home on the Jeffersonville Pike, Miss Wood made many friends in both this city and county, who will be grieved to learn of her untimely death. She also visited the Parrett family here, before their removal to Cleveland.

BRYAN PROPERTY TO BE ACCEPTED BY COMMISSION

Indications Are That Men Who Visit John Bryan Farm at Yellow Springs Tomorrow Will Favor Acceptance by State, Regardless of Strings Tied.

Capt. Charles Allen, of this city, member of the State Board of Agriculture and who with others on Wednesday will visit the John Bryan estate at Yellow Springs, in Green county, for the purpose of considering the acceptance of that estate by the State of Ohio, is in favor of the state accepting the gift tendered by the eccentric former owner.

It will be recalled that in tendering the gift of his estate to the State of Ohio, the condition was attached that should any religious service ever be held on the farm, then the estate would revert to their devisees.

However Capt. Allen is in favor of accepting the estate as a wild game preserve, or alfalfa farm, or both, believes the land, known as "River-side Farm" and consisting of some 500 acres, will make an ideal spot for a game preserve, or alfalfa farm.

Capt. Allen will be accompanied by State Secretary of Agriculture, N. E. Shaw, County Commissioner R. D. Williamson, of Greene county, and probably another member of the State Board of Agriculture. As the farm includes a considerable portion of the Little Miami river and is a most attractive spot generally, it is believed that when a vote on acceptance is taken that it will be almost unanimously agreed that the estate will be a valuable addition to the state's property.

VIEWS OF OTHERS

Editor The Herald: Not long ago, the business men of a certain small city gathered to discuss various questions. One of these men is reported as having stated that something must be done; 40c an hour is enough for any working man. Why does this man think so? Does he think that neither the cost of living nor the man's value to his employer should, in a measure govern the wages paid a dependable man? The writer can not quite understand why some small manufacturers seem to think more of cutting wages regardless of working men's conditions instead of reaching out a little farther and paying more wages, but does agree that "something must be done."

JUST TRY IT AND SEE how much better you feel in the morning. That "lousy" headachy, tired, don't-know-what's-the-matter feeling will be gone—you'll feel fine.

TROUBLE IS, your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Pile, oil, salts, calomel and ordinary laxatives, cathartics and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

And oh, what a relief! You'll be surprised to find how much better you feel—brighter, better every way. If habitually or stubbornly constipated, take one NR Tablet each night for a week. Then you'll not have to take medicine every day. Just an occasional NR Tablet after that will be sufficient to keep your system in good condition—keep you feeling your best.

BERNSTORFF IS BECOMING AWAKE TO NEW DEMANDS

Says Public Opinion Must Rule but Must be Enlightened by Democratic Development

(By Associated Press)

Berlin, March 11.—Public opinion must become the real sovereign in Germany but it must be enlightened upon democratic development and conscious of its great responsibility. This was the central idea of a speech made tonight by Count von Bernstorff, former Ambassador to the United States, at a meeting to organize the "Democratic Club."

The former ambassador said that when he returned to Germany from the United States he endeavored to learn why ruthless submarine warfare, which he said was responsible for Germany's downfall, was decided upon instead of the accomplishment of a less severe course.

"The answer was regularly that public opinion in Germany would not have suffered any other solution."

HARBOR STRIKE CONTINUES TO TIE UP TRAFFIC

Many Trans-Atlantic Lines Tied Up and Strike Spreads to New Branches

(By Associated Press)

New York, March 11.—With many of the great trans-Atlantic steamship lines here tied up by the strike of longshoremen which was called yesterday in support of the striking harbor workers, threats were made today by the Marine Workers Affiliation to renew the strike against the Railroad Administration based on alleged violation of some terms of the recent settlement.

The independent boat owners again have rejected terms under which settlement between the railroads and harbor employees was reached.

DISCLOSURES PART OF RECORD

(By Associated Press)

Washington, March 11.—Evidence gathered by the post office department and the department of justice showing a country-wide radical propaganda urging overthrow of the United States government by violence and the setting up of Bolshevism was put into the Senate propaganda investigating committee's record today by Major E. L. Humes, counsel for the committee.

MORRISON HOTEL ANNEX BURNS

(By Associated Press)

Chicago, March 11.—Half a dozen women fainting and many were overcome by smoke and these with nearly 225 employees of the Morrison Hotel were assisted down fire escapes early today when fire broke out in a five-story brick annex to the hotel which is used as a dormitory for the employees. The damage will reach \$50,000 but there was no loss of life.

EXPLAINS INCOME TAX AND HOW IT AFFECTS FARMERS

(By Associated Press)

Washington, March 11.—Instructions to farmers for making out income tax returns, issued by the Bureau of Internal Revenue, explain what outlays may be regarded as expenses and deducted from gross income to determine net income which is taxable.

The cost of ordinary tools of short life or small cost, it is explained, such as shovels, hoes and rakes, may be included. The cost of feeding and raising live stock may be treated as an expense deduction, insofar as the cost represents actual outlay, but not including the value of feed grown upon the farm, or the labor of the taxpayer. Where a farmer is engaged in producing crops which take more than a year from the time of planting to the process of gathering and disposal, expenses deducted may be determined upon the crop basis, and such deductions must be taken in the year in which the gross income from the crop has been realized.

The cost of farm machinery and farm buildings represents a capital investment and is not an allowable de-

duction as an item of expense.

Amounts spent in the development of farms, orchards and ranches before the time when the productive state also is reached, and amounts spent in purchasing draft or work animals or live stock either for resale or for breeding purposes also are regarded as capital investments, not deductible.

The purchase price of an automobile even when used entirely in carrying on farm operations, similarly is not deductible. The cost of gasoline, repairs and upkeep of an automobile, however, if used entirely on farm business is deductible as an expense. If used partly for business and partly for pleasure or convenience, the taxpayer should determine to what extent it is used for each, and deduct only that part charged to business purposes.

ACHIEVEMENT OF WIRELESS PHONE

(By Associated Press)

Washington, March 11.—Secretary Daniels talked today by radio telephone with Ensign Harry Fagewater in a navy flying boat enroute from Washington to Hampton Roads. Communication was established at a distance of more than 150 miles, by far the longest transmission of radio telephone signals with an airplane in flight ever achieved.

CAPITOL FORCE PEEVED

Columbus, O., March 11.—A strike of Statehouse janitors and other employees is threatened unless the Finance Committee of the General Assembly restore the salaries of these employees. In a burst of economy the wages were reduced from \$85 to \$60 a month. The employees hold that this is far less than a living wage. Appeals will be made to the Senate to restore the salaries to the original rate.

PLAN FOUND TO FINANCE ROADS

OVERTHROW OF U. S. GOVERNMENT IS I. W. W. PLAN

"Bloody Revolution" Plot for Establishing Bolshevik Republic in U. S. is Bared by Lamar

(By Associated Press)

Washington, March 11.—Mail matter seized since the signing of the armistice has disclosed that the I. W. W., anarchists, radical Socialists and others are "perfecting an amalgamation," which has for its object the overthrow of the American government through a "bloody revolution" and the establishment of a Bolshevik republic, according to a memorandum sent to the senate propaganda committee by Solicitor General Lamar of the postoffice department. The memorandum was made public today by the committee and Chairman Overman said it would be read into the record tomorrow.

Declaring that in Bolshevism the radical elements of the country had for the first time found a common cause upon which they can unite," Mr. Lamar said his information showed that propaganda against the government was being conducted with great regularity and that its magnitude could be measured by the "bold and outspoken statements" found in the literature. Accompanying his memorandum were several hundred excerpts from mail matter showing the trend of the propaganda. These will be made public later.

Particular reference was made by the solicitor to the activity of the dissatisfied foreign elements in the country, but he said perhaps the I. W. W. was the most active in the dissemination of the propaganda because it "has at its command a large field force known as recruiting agents, subscription agents, etc., who work unceasingly in the furtherance of the cause."

Mr. Lamar's memorandum, to which was attached a list of newspapers printed in English and foreign languages, alleged to be regularly conducted and published by the I. W. W., said in part:

"This propaganda is being conducted with such regularity that its magnitude can be measured by the bold and outspoken statements contained in these publications and the efforts made therein to inaugurate a nation-wide reign of terror and overthrow the government."

In classifying these statements they are submitted in a major or general class as follows: I. W. W., anarchistic, radical-socialistic and Socialist. It will be seen from these excerpts and it is indeed significant that this is the first time in the history of the

so-called radical movement in the United States that these radical elements have found a common cause (Bolshevism) in which they can all unite.

"The I. W. W., anarchists, Socialists, radical and otherwise, in fact, all dissatisfied elements, particularly the foreign element, are perfecting an amalgamation with one object and one object only in view, namely, the overthrow of the government of the United States by the means of a bloody revolution and the establishment of a Bolshevik republic."

TAFT'S IDEAS MAY BE A PART OF LEAGUE DRAFT

Proposed Amendments Being Considered by Commission 'Tis Said

(By Associated Press)

Paris, March 11.—The amendments to the draft of the league of nations plan which have been proposed by William Howard Taft are receiving the close study of the various delegations to the peace conference.

The understanding prevails that the suggestions made by Mr. Taft may be adopted if assurance can be had that the reopening of the whole subject will not be involved and that further amendments will not be offered by other nations. It is generally admitted in well-informed circles, however, that some French and Italian proposals are to be expected.

The ground is being canvassed quietly in an effort to obtain further information on the points raised by Mr. Taft anticipatory to the arrival of President Wilson, who must render final judgment on any American amendments to the draft.

The supreme council today decided that the representatives on the economic and financial commissions of the powers with special interests, who have been the cause of much discussion, should be designated by the great powers. The council then adopted the report of the military experts concerning the definite military status of Germany, after fixing the terms.

MUCH ACTIVITY ON N. FAYETTE
Fayette street presents an industrious appearance at the present time with many workmen tearing out the old brick structure formerly occupied by the Washington Savings Bank. The task of tearing down the walls is progressing rapidly and work will soon be started on the foundation of the new structure. The Arcade block is being remodeled into an up-to-date garage, and the outer walls are being stuccoed. With the completion of these two structures North Fayette street will present a much more attractive appearance. The bank building now being torn out was erected in 1879, following a fire in January of that year which destroyed the two-story brick structure on the site. The corner portion was erected by Dr. George Goldsberry, part of the block by Mrs. J. A. Daugherty, and the Creamer rooms by Mrs. Richard Evans. The walls of the bank structure, erected nearly a half century ago, were beginning to show signs of deterioration. **MISSIONARY MEETING** The Women's Home Missionary Society of Grace M. E. Church will hold an all day meeting Wednesday March 13th. The women are requested to bring carpet rags and lunch. All women of the church are cordially invited including the members of the Young Women's Home Missionary Society. 35136

DECIDES TO BE A LIVE ONE
Young Man Comes Back
One of our young men sure has come to the front in short order, and his friends are at a loss to understand his untiring energy and ability to work and get results, where only a few weeks before he seemed to be a run down and almost a nervous wreck. Questioned by a curious friend as to the cause of the sudden change, he said: "I sure was in bad shape and no one knew it better than I did. It had my goat for fair. I was all in and my nerves shot to pieces with worry and sleepless nights. One day I overheard a customer telling what Phosphated Iron had done for him and I could not get a supply quick enough. That's the whole story, just Phosphated Iron. My poor tired overworked nerves just seemed to be Phosphated, the way they took hold of it, and say what a relief. I felt like a new man. Could sleep at night and get up in the morning feeling like a two-year-old. Believe me, I had some appetite too, my weight increased rapidly, my face filled out and had the color of perfect health that only goes with pure blood, well fed with Iron. You can bet I am strong for Phosphated Iron. Everyone who tries it is a booster. "Do you know even the doctors are prescribing it; trust them to get next to a good thing". Special Notice: To insure doctors and their patients getting the Genuine Phosphated Iron we have put in capsules only, so do not allow dealers to sell you pills or tablets. DEEP INTEREST IN MISSION SERVICES
The second service of the series of Mission Services at St. Andrew's Church last night showed a marked increase both in interest and attendance. The congregation joined heartily in the singing of the hymns and listened attentively to the sermon. The sermon was marked by the evidence of deep spirituality and seemed to leave a deep impression upon those present. The services are free from sensationalism or emotionalism and are a simple direct appeal to the better side of the natures of men and women. Taking his text from Philippians 2:9, "Wherefore God hath highly exalted Him, and given Him a name which is above every name," Dr. Barre spoke of the eternal power of the name of Jesus Christ; how from Galilee there was radiated through the centuries the life of the Galilean carpenter to whom God has given the name above every name. All other things pass away and change with the years but the power of the name of Jesus Christ stands eternally as the one man of God who has bequeathed to the race the heritage of sons of God. That as through the centuries He has brought to men the secret of living happily and dying bravely, he today by his simple teaching of brotherhood and true neighborliness shows men the path through maze in which they wander and are lost. A Christ, not of the historians and the theologians, not of memory and tradition, not long dead and known only by the record of the ancient writers, but the real living vital presence of the spirit of God who walks the daily paths of life with men as a brother, a companion and friend and who shows men that the true road to happiness and God lies not in the mastering of a system of philosophy or the accepting of a system of theology, but in the doing of the work which comes to our hands daily unselfishly, honestly and willingly with a quiet courage and a calm reasonable faith in the goodness and love of our Heavenly Father. The services will continue through the week, each evening except Saturday, at 7:30 o'clock, and a cordial invitation is extended to everyone to attend. A service for prayer and meditation is also held each afternoon at 4:00 o'clock. At these services Dr. Barre is giving a series of short addresses on "Personal Religion," the service being on the order of a "Quiet Hour."

82 YEARS OLD AND AS GOOD AS A YOUNGSTER
"7 or 8 years ago I was a very sick man. Doctors said catarrh trouble of stomach and bowels affecting the liver and heart. For more than a year I wanted to die, but could not. Upon the advice of a friend I tried Mayr's Wonderful Remedy, and although 82 years old I now feel as good as a youngster." It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Blackmer & Tanquary, Frank Christopher and druggists everywhere. Adv

RAINBOW BOYS SAIL FOR HOME ABOUT APRIL 10
Famous Forty-second Division Will Entrain for Antwerp First of April and Reach Home First of May
(By Associated Press)
Coblenz, March 11.—The Forty-Second American Division (the Rainbow) the first division of the army of occupation to start home, will begin entraining for Antwerp April 1. Orders to this effect have been received at headquarters. It is estimated that about a week will be required to transport the entire body of men and their equipment from headquarters on the Rhine to Antwerp. All the locomotives and cars to be used in the transportation are to be American made, the commanding officer desiring to use American cars because they are larger than the French or German.

Washington, March 11.—General Pershing has cabled the war department that he had issued orders for the Forty-Second (Rainbow) Division to prepare for embarkation. This would indicate that the Forty-second would be expected to sail between April 10 and 15, as the average period between such orders and embarkation has been one month. Information was also received here that the Three Hundred and Thirty-second Infantry Regiment, composed of Ohio and Pennsylvania national army units, has been concentrated at Genoa and is awaiting transportation home. No date for the sailing has been set, but the regiment will probably leave Italy before the end of the month.

The original information here was that the Rainbow Division was to embark for home about April 26. Secretary Glass recently requested that the sailing date be advanced so the division could participate in the victory liberty loan campaign, but Secretary Baker wrote him that it would not be possible to advance the sailing date sufficiently because of the strain this would entail on transportation facilities in France. Under the schedule as announced today the Rainbow Division should reach the United States by May 1st. The loan campaign probably will start about April 21 and continue until May 10. Consequently it may be possible that the division can participate in the campaign. No plans for the reception of the division have been announced, but Secretary Baker has expressed the hope that it would be possible for this body of troops to parade in Washington before it is demobilized.

THE NEW BIG-SIX
Beautiful in Design Thoroughly Modern Mechanically Right
The power-resources of the New Seven-Passenger Six are as notable as the beautiful bevel-edge body which so distinguishes its appearance. Its great motor provides two distinct power-ranges—a "touring range" for ordinary driving, an "emergency range" for extra speed or power. Yet with all its ability, this car is economical; for the motor pre-heats its fuel and gets the utmost out of it. Notice, too, the fine-quality equipment. The silver-faced Warner speedometer, Waltham clock, extension tonneau light and other high-class conveniences are good examples. Come in and see this new car.
